HOW TO MOVE TO FULL REGISTRATION: #1 WHAT YOU NEED BEFORE YOU BEGIN

This video looks at what you need to think about before you begin the evidence-based process.

First, you need to decide on a rough plan of when you're going to begin – usually when you've settled in and got to know your learners.

- *You need to speak to your principal or relevant person if you work in an early childhood setting.*
- *You need their support and they need know your plan because, remember, they're going to be an important part of the process in the end.*
- *With their help, you need to find a mentor or experienced colleague who will work with you.*

Remember you need to document everything along the way and collect evidence that you are addressing the APST descriptors. You'll need this to present to your recommendation panel.

So you've Ok'd it with your principal and you've got a mentor; now you're ready to get started.
