NATIONAL SUMMARY STATEMENT

The accreditation process involves a rigorous assessment of an initial teacher education (ITE) program against a set of nationally agreed standards.

Accreditation standards and procedures are designed to ensure that all graduates of ITE meet the Australian Professional Standards for Teachers at the Graduate career stage. This ensures the program is of high quality and prepares pre-service teachers for the teaching profession.

The process also includes an assessment of a provider's quality assurance and continuous improvement mechanisms, as well as ensuring that the provider has a nationally endorsed teaching performance assessment which all graduates must successfully complete.

More information on the accreditation process can be found on the [AITSL website](https://www.aitsl.org.au).

PROGRAM DESCRIPTION AND RATIONALE

The Bachelor of Science / Bachelor of Education is a four-year undergraduate initial teacher education double degree that prepares teachers for secondary school settings, predominately in Australia. Teacher candidates complete discipline studies in secondary teaching areas as well as discipline specific curriculum and pedagogical studies, general education studies and professional experience.

*The approval will apply until **12/12/2023** subject to the following conditions.

1. If Federation University Australia intend to make significant changes to the approved program, those changes must first be submitted to VIT for approval.
2. VIT may require the program to be amended so that it continues to satisfy the legislative imperative that it is a qualification appropriate for entry to teaching as approved from time to time by the Minister.
3. VIT will require information from Federation University Australia to verify that the program complies with the requirements of a qualification appropriate for entry to teaching, including compliance with the Victorian framework for selection into initial teacher education.
