## VIT STRATEGIC PLAN 2017-2020

*The Victorian Institute of Teaching is embarking on a new and exciting period of operation.*

*Since commencing in 2003, we focused on improving efficiency and capability as a regulatory body responsible for assuring the quality of the teaching profession in Victoria.*

*Our community recognises the need for teaching to be a profession respectful for the academic quality of its applicants, the education and professional practice required for registration and the standards of conduct and ethics that are maintained.*

*We're in a continual process of improving, not only the service offered to our registrants and educational settings, but also the quality of data verification, data sharing and accountability to our stakeholders.*

*Our direction: assuring the quality of the teaching profession in Victoria.*

*Our purpose: is to regulate the Victorian teaching profession in the public interest.*

*Our vision: is to foster a respected teaching profession, to be a trusted regulator and to work with an informed community.*

*We value the vital role of teachers not only in creating successful futures for our children, but also in ensuring a successful and cohesive society.*

*We recognise and value collaboration with our stakeholders and as a public sector agency, we also commit to the Victorian public service values.*
