

# Accreditation summary template

## NATIONAL SUMMARY STATEMENT

The accreditation process involves a rigorous assessment of an initial teacher education (ITE) program against a set of nationally agreed standards.

Accreditation standards and procedures are designed to ensure that all graduates of ITE meet the Australian Professional Standards for Teachers at the Graduate career stage. This ensures the program is of high quality and prepares pre-service teachers for the teaching profession.

The process also includes an assessment of a provider's quality assurance and continuous improvement mechanisms, as well as ensuring that the provider has a nationally endorsed teaching performance assessment which all graduates must successfully complete.

More information on the accreditation process can be found on the [AITSL website](#).

## PROGRAM SUMMARY

Jurisdiction	Victorian Institute of Teaching (VIT)
Provider	Monash University
Program title	Bachelor of Education (Honours) in Secondary Health and Physical Education
Program type	Undergraduate
Program duration in equivalent full-time student load (EFTSL)	4.25 years
Minimum program duration	4 years
Stage of schooling	Secondary
Mode(s) of delivery	On campus
Campus location(s)	Peninsula
Approval date of current accreditation	23/10/2019
Accreditation outcome*	Accredited

Quality assurance processes in place

Demonstrated attainment of the Australian Professional Standards for Teachers at the Graduate level evidenced by:

- Assessment data from professional experience reports
- Teaching performance assessments

Other quality assurance data sources:

- QILT Graduate Outcomes Survey
- QILT Employer Satisfaction Survey
- QILT Student Experience Survey
- Professional Partnerships Survey data
- Course Review report
- Professional Experience Student Survey data
- Annual stakeholder meeting reports
- Analysis of State-based moderation and/or comparison data provided by DET
- Professional Experience Focus Groups
- Retention and attrition data
- Unit evaluation data
- Professional Experience progress data

## PROGRAM DESCRIPTION AND RATIONALE

The Bachelor of Education (Honours) in Secondary Health and Physical Education is a 4.25 year undergraduate initial teacher education degree that prepares teachers for secondary school settings, predominately in Australia. Teacher candidates complete discipline studies in secondary teaching areas as well as discipline specific curriculum and pedagogical studies, general education studies and professional experience.

\*VIT imposes the following standard conditions on all accredited ITE programs. Additional conditions may be imposed on individual programs:

1. If Monash University intend to make significant changes to the approved program, those changes must first be submitted to VIT for approval.
2. VIT may require the program to be amended so that it continues to satisfy the legislative imperative that it is a qualification appropriate for entry to teaching as approved from time to time by the Minister.
3. VIT will require information from Monash University to verify that the program complies with the requirements of a qualification appropriate for entry to teaching, including compliance with the Victorian framework for selection into initial teacher education.
